# Queen Elizabeth's School HOME-SCHOOL AGREEMENT

---

## Purpose

The Home-School Agreement is a statement explaining:

- the School's ethos, aims and values;
- the School's responsibilities to its pupils;
- the responsibilities of parents; and
- what the School expects of its pupils.

## The School's ethos, aims and values

Our mission is to produce young men who are confident, able and responsible.

At Queen Elizabeth's School we are proud of our strong academic traditions, illustrated by the continued excellent results our pupils achieve. Academic excellence is our standard. We are aware that the best way to ensure that these results are maintained is for us to work closely with parents so that their son's abilities are developed and extended as effectively as possible.

Our bespoke tutoring system, which begins from the start of Year 7, ensures that each boy's academic progress and performance, alongside his well as his wellbeing, personal development and involvement in School activities, is regularly monitored in detail.

We believe it is important to praise and acknowledge effort and attainment. We operate a system of merits and good notes to reward extra effort, and the awarding of prizes at the Junior and Senior Awards also provide valuable incentives for boys to achieve at the highest level.

We aim to create an environment that is conducive to learning at the highest level by providing first-class facilities and by promoting an atmosphere where good behaviour, self-discipline and mutual respect are the norm.

We want our boys to be happy and successful at School and our wide range of extra-curricular activities, clubs and trips allows our boys to flourish in ways that go beyond the purely academic. The extensive personal development programme fulfils an important function in giving boys an understanding of their responsibilities as a member of the School and the wider community.

You and your son are asked to read this Agreement carefully and to take careful note of its content.
